BOARD DECISION:

I DATE OF PAYMENT:

General criteria for successful grant applications:

The following criteria will be applied by the Board when they consider requests for grants.

Partnerships

The Trust will dedicate approximately 60% of its annual grants budget to ongoing partnerships with **community groups** and **events** that provide positive outcomes for the Manurewa / Wiri Community.

- No single teams or individuals (should be club or organisation based).
- No grants for religious or political purposes.
- No grants for overseas travel.
- Preference will be given to groups that provide direct benefits to residents of the Manurewa / Wiri communities.
- Groups outside the Manurewa / Wiri communities can apply but there has to be a benefit to the Manurewa / Wiri communities.
- Priority will be given to youth orientated purposes.
- Environmental Projects (up to \$5000 total per year).
- Branding through signage at clubrooms and events will be required.
- No grants for expenses (retrospective) that have already been incurred or paid for by the group or organisation.
- No grants which result in a clear commercial gain for any group or organisation.
- The board will be the sole judge of merit and the application of these criteria.
